

LEADCNC

Serial No: 1

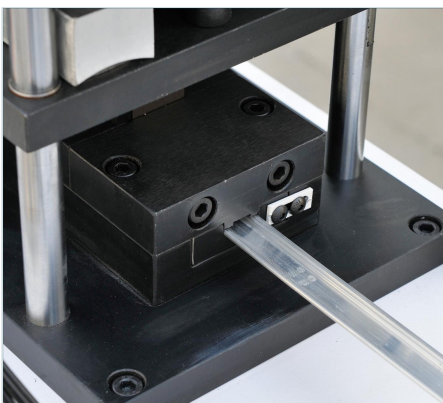

Name: Intelligent Connecting rob punching machine

## Product Information

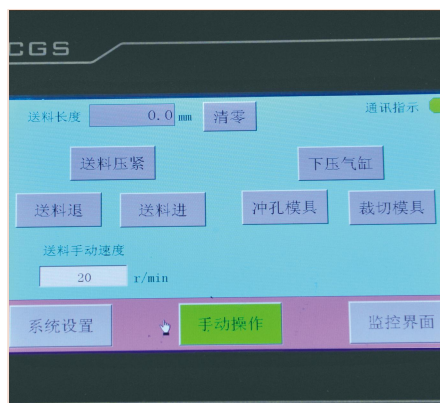

Model: Coral

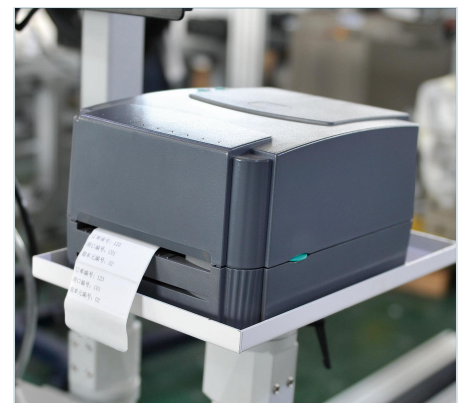

- Professional for punching and cutting;
- With the feeding guidance function, so that the lock accurately into the feeding device, to avoid the feeding deviation.
- Servo motor, high-precision reducer transmission, higher accuracy.
- Servo motor feed, according to the requirements of the lock for accurate cutting and punching.
- Labels can be printed

**Punching with high precision**

**Intelligent operating system**

**Label printer**

LEADCNC

Serial No:1

Name: Intelligent Connecting rob punching machine

Model: Coral

## Product Specification

Machining Specifications	Parameter Value
Punch size	φ6、φ8mm、10mm
Feeding Speed	0~30m adjustable
General Parameters	Parameter Value
Power supply	220V/50Hz
Power	100w
Pressure	0.6~0.8MPa
Gas consumption	275 L/min
Weight	160kg
Overall dimensions(L*W*H)	500*520*1300mm (host) 2900*550*1750mm (including rack)
